WOMAN BRUTALLY MURDERED IN MINNEAPOLIS

THE BODY WAS FOUND IN AN UNOCCUPIED HOUSE—BADLY SLASHED AND BEATEN

(United Press)

Minneapolis, May 27—Police here today had been unable to identify the woman victim of a frenzied murderer who almost knifed the body into shreds. The body was found in an unoccupied house on Bryant avenue late yesterday.

Many theories of the murder have been advanced. Chief of Police Walker believes the woman had been killed in an automobile and concealed in the house. Chief of Detectives Frank Regan believes she was drugged or stunned and taken to the house to be brutally slain. Others believe that she had been allured, assaulted and robbed. Apparently the woman was refined, because of the excellent clothing she wore. But anything that might easily be a clue was destroyed. Her shoes, stockings, hat and coat had been torn from her body and taken away. Her dress was torn almost off. The many knife wounds would have killed her police said, but the murderer fractured her skull and broke her jaw bones with heavy blows.

GRIP MAY LEAD TO MURDER CLUE

Minneapolis, May 27—A grip filled with bloody clothing and a sheet checked at a department store here Tuesday and never called for, may be the first clue to the identity of the mysterious woman brutally murdered and left in a vacant house in the fashionable Lynnhurst district. Her body was found late yesterday.

The grip with its gruesome contents was delivered over to the police and an effort to track the persons who checked it is under way. Until the identity of the woman now in the morgue, is established police face a difficult problem in solving one of the most baffling murder plots in many years.

LARGEST ZEPPELIN SURRENDERED TO ENGLAND SOON

WAS DESIGNED TO CROSS OCEAN AND BOMBARD NEW YORK AND EASTERN COAST

(By United Press)

London, May 27—The largest Zeppelin in the world, the L-71, originally designed by Germany to bombard New York and the eastern coast of the United States, will arrive at Pelham from Germany within a few days, having been delivered to Great Britain in accordance with the terms of the peace treaty.

The Zeppelin has a flying radius of 12,000 miles and a speed of one hundred miles an hour. It is one-fourth larger than the R-33, England's biggest dirigible.

ATTEMPT TO POSTPONE NASH HEARING DEFEATED

PRACTICALLY ENTIRE HENNEPIN COUNTY REPUBLICAN COMMITTEE APPEARED FOR NASH

(United Press)

St. Paul, May 27—An attempt to postpone hearing of charges of malfeasance of office against Wm. Nash, former county attorney of Hennepin county, was defeated today by Gov. Burnquist when the governor refused postponement until after the Hennepin county grand jury reconvenes tomorrow. H. M. Boutelle, counsel for Nash, withdrew.

Practically the entire republican county committee was subpoenaed to testify in favor of Nash at a hearing in which Gov. Burnquist will determine whether Nash should be permanently removed as county attorney because of his alleged connection with the Winnipeg-Minneapolis whiskey smuggling conspiracy. State Senator Arch Coleman, chairman of the Hennepin county committee, and Fred H. Carpenter, millionaire lumberman, were among those called.

State Senator Charles A. Fowler of Minneapolis, associated with Attorney Boutelle, filed objections to the hearing, declaring that Nash was entitled to the benefit of counsel.

A. A. D. Rahn, Minneapolis attorney, said he had called at the capitol to see Governor Burnquist regarding the strike trouble in the International Falls district.

AMERICAN CAPITALISTS IN CANADA TO INVEST IN PULP AND PAPER MILLS

(By United Press)

Ottawa, Ontario, Canada, May 27—A party of American capitalists representing an investment of more than \$1,000,000,000 in the pulp and paper industry of the U. S., will arrive in Ottawa tomorrow as the guests of the Canadian government and pulp and paper makers of Ottawa. It is understood that their object in coming to Canada is to make large investments in pulp lands and mills.

FIVE YEAR OLD BOY TRIES TO RESCUE HIS 3 YEAR OLD BROTHER

Wahpeton, N. D., May 27—Frederick Cole, age 5, would be a hero if he could. His three year old baby brother fell into the Red River. Frederick dived after him. Their mother, Mrs. T. E. Cole, jumped in and saved both.

ANTHRACITE MINERS REJECT WAGE SET- TLEMENT PROPOSAL

(By United Press)

Wilkesbarre, Pa., May 27—The anthracite miners in convention here today unanimously defeated the proposal submitted by Secretary of Labor Wilson for settlement of the wage differences with mine operators.

WILSON VETOES PEACE RESOLUTION

SAYS RESOLUTION IS IN EFFECT A COMPLETE SURRENDER OF THE RIGHTS OF U. S.

(By United Press)

Washington, May 27—President Wilson today vetoed the Knox peace resolution declaring an end to the war between the United States and Germany and Austria-Hungary.

The resolution, he declared, is in effect a complete surrender of the United States so far as the German government is concerned.

"By rejection of the treaty of Versailles," Wilson said, "by its method we shall in part declare that we wish to draw apart and pursue objects and interests of our own unhampered by any connection or interest or purpose of other governments or people."

Wilson bitterly condemned the resolution declaring it said nothing about the purpose for which we entered the war. Among other things are freedom of the seas, reduction of arms, vindication of rights of Belgium, rights of wrongs to France, relief of Christians under Turkish rule and Polish outrages.

"Such a peace with Germany—a peace in which none of the essential interests which we had at heart when we entered the war, are safeguarded—is or ought to be inconceivable and is inconsistent with the dignity of the United States and the rights and liberty of its citizens, and with the very fundamental conditions of civilization."

The house today voted to postpone until tomorrow any effort to override the president's veto.

Immediately after the president's message was read, Chairman Porter of the foreign affairs committee, moved to postpone action. This was carried over the objection of the democrats. The democrats several times interrupted the reading of the message to applaud. Indications based upon votes by which the resolution passed the house, are that the republicans will be unable to obtain the two-thirds majority to override the veto.

RISE IN VALUE OF MARK WILL HELP GERMAN BUSINESS

CARL D. GROAT,

(United Press Staff Correspondent.)

Berlin, May 27—Owing to the spectacular rise in value of the mark, Germany may be able to purchase raw material on markets of the world with which to resume her crippled manufacturing industry.

German import trade, recently reached a point almost of stagnation. The turn for the better has come in the belief of both manufacturers and financiers here. The sensational rise in the value of the mark was coincident to the fall in prices throughout the world.

HEARING ON CONTESTS OF REPUBLICAN CONVEN- TION BEGINS TODAY

HAROLD JACOBS
(United Press Correspondent)

Chicago, May 27—Interest in the forthcoming republican convention centered today in the contest for delegates scheduled to be taken up Monday by a sub-committee of the national committee. Indications were there will be 138 contestants, mostly from southern states and involving principally the candidacies of General Wood and Governor Frank O. Lowden. A few seats will be contested by Senator Hiram Johnson.

The sub-committee will collect all data, classify it and submit findings at the convention. Frank Hitchcock is expected to look out for Wood's interests in the contest here, while Angus Sween will handle Johnson's affairs. Lowden's representative had not been chosen today.

Despite the importance of this convention, there seems to be not even the remotest possibility of their swinging the decision on the first ballot if it should be awarded to one man.

HANNA AGREED TO RAISE \$500,000 FOR THE WOOD CAMPAIGN

L. C. MARTIN

(United Press Staff Correspondent.)

Washington, May 27—Daniel R. Hanna of Cleveland, agreed to go out and raise half a million dollars to finance Wood's campaign for the presidency. John P. King, former Wood campaign manager, told the senate campaign expenditure committee today. This was more than a year ago, King said. Hanna did not say how much of the \$500,000 he had given himself. He told the committee he did not know whether Hanna was instrumental in getting Wm. Procter of Cincinnati to put into the Wood campaign the \$500,000 which Procter yesterday said he had advanced.

FARMERS ASK FOR HELP TO KEEP THE FARMS PRODUCTIVE

WANT REVOLVING FUND OF 25 TO 40 MILLION ESTABLISHED TO BUY LIVESTOCK, ETC.

Washington, May 27—Farmers of the U. S. through the Farmers' National council, today asked congress for from \$25,000,000 to \$40,000,000 for the purchase of livestock, machinery and other necessities to keep the farms productive.

In a letter addressed to both houses, Benjamin C. Marsh, secretary of the council, requested enactment of legislation to put such a sum at the disposal of the farmers through a medium of a revolving fund.

ALLEGED CARRANZA SLAYER SURRENDERS

IS BEING BROUGHT TO MEXICO CITY FOR TRIAL—APPOINTMENT OF JUDGE ASKED

NEW GOVERNMENT WILL PROCEED ENERGETICALLY AGAINST VILLA'S BANDITS

BY RALPH H. TURNER,

(United Press Staff Correspondent.)

Mexico City, May 27—Rudolfo Herrera has surrendered to General Lazaro Gardenas and he was being brought to Mexico City to answer charges of murdering former President Carranza, according to telegraphic reports received by General Alvarado Obregon from General Gardenas. Herrera gave himself up at Coyutla, Vera Cruz.

In a joint message to the senate, Generals Obregon and Gonzales today requested that body to designate a chief magistrate of the lower court to sit at the investigation of Carranza's assassin.

The public, they said, demand the true circumstances surrounding the death of the former president.

A bulletin issued from the headquarters of General Obregon quoted advice from Vera Cruz to the fact that the commander of the American flotilla which has been anchored there to protect American interests, has asked Washington to have it returned to its base.

Developments of the past week indicate that one of the first military moves of the new revolutionary government will be against Villa.

PRESIDENT WILL SEND VETO MESSAGE TO CONGRESS TODAY

Washington, May 27—President Wilson has virtually completed his message explaining his veto of the Knox peace resolution and expects to send it to congress today or tomorrow. It was officially announced at the White House today.

Try to Override Vetoes

Washington, May 27—President Wilson's message which is to accompany his veto of the Knox peace resolution will be sent to congress today. It was announced at the White House.

When the veto reaches congress an attempt to override it will be made, the first vote being taken in the house because the resolution originated there. All votes so far have shown the backers of the resolution had insufficient strength to override it either in the house or senate.

CONCRETE STEPS WILL BE TAKEN TO FORM NEW PARTY

AT A MEETING OF OFFICERS OF THE NATIONAL LABOR PARTY AT CLEVELAND

(By United Press)

Cleveland, Ohio, May 27—Concrete steps for formation of a third party will be taken here Friday at a meeting of the national officers of the committee of forty-eight and the national labor party, according to an announcement today by Max Hayes, chairman of the national committee of the latter party.

Farmer and labor organizations throughout the country will be invited to join the party if the meeting Friday finds the representatives of the two parties in harmony, Hayes said. The four main principles embodied in the platform are:

Restoration of civil liberties; nationalization of all monopolies; the Plumb plan, and prohibition of land speculation to stop land profiteering.

MISS GOULD ELOPES, FATHER IS GLAD TO CONSENT TO MESSAGE

(By United Press)

New York, May 27—George Jay Gould, father of Miss Edith G. Gould, who eloped to marry Carroll L. Wainwright, an art student, today declared he would have gladly given his consent to the marriage had it been asked. Miss Gould is the third of seven Gould girls to marry without having their parents present at the ceremony. Gould said Wainwright was "very acceptable."

Miss Gould was married to Wainwright at Elkton, Maryland. She is eighteen and Wainwright 21.

HOUSE TO SUSPEND RULES TO PASS THE BONUS BILL

(By United Press)

Washington, May 27—In the hope of bringing the soldier bonus bill to a vote in the house before the proposed recess or adjournment of congress, the house rules committee today by a vote of five to four recommended the suspension of rules for six days beginning Saturday.

If the suspension is agreed to by the house, the bonus or any other bill can be called up at any time during the six days, to debate for forty minutes, after which a final vote can be taken. Under these conditions a bill must have two-thirds majority to pass.

CHICKEN PECKED BOY; DIES OF LOCKJAW

(By United Press)

May 27—When a chicken pecked four year old Alger Hoack under the eye, it cut a nerve which flexed the boy's lip in a continual smile.

The boy was made ill but the smile convinced the parents he was comfortable. He died early today of lockjaw.

MCADOO CAMPAIGN FOR PRESIDENT WAS LAUNCHED

LAST NIGHT AT WASHINGTON BY MCADOO'S FRIENDS—TOLD THE SENATE COMMITTEE

THEY SAID NO MONEY HAD BEEN SPENT TO BOOM MCADOO AND NO FUNDS RAISED

L. C. MARTIN,
(Written for the United Press)

Washington, May 27—A presidential campaign for McAdoo was formally launched last night. Dr. Burris Jenkins, of Kansas City Mo., told the senate campaign investigating committee today.

Dr. Jenkins said those who attended the meeting besides him were Jettie Shouse, assistant secretary of the treasury; Daniel Roper, former internal revenue collector; Frank Wilson, director of publicity in the liberty loan campaign, and Robert Woolley, member of the interstate commerce commission.

Dr. Jenkins said he had been requested to place McAdoo's name on the list for nomination at San Francisco. He declared no money had been spent to boom McAdoo, that no funds were being raised and that there is no McAdoo organization.

Nicholas Murray Butler's campaign fund totals \$40,550, Judge R. Davis, of the municipal court of New York, Butler's manager, told the committee. Only \$34,730 has been spent in informing the public about Mr. Butler as a candidate for the republican nomination. Davis said.

Answering hypothetical questions Davis said he was opposed to contributions of \$500,000 from one man in the interest of any candidate.

T. S. Dorst, Major General Wood's West Virginia manager, said he got \$6,500 in contributions and spent \$4,438.36 in the primary campaign in that state.

Harry M. Dougherty, Senator Harding's manager submitted a detailed statement showing contributions and expenses in the Harding national campaign. It showed contribution of \$112,000.00 and expenses of \$107,109.86.

SENATE COMMITTEE REFUSES REQUEST ARMENIAN MANDATE

BY A VOTE OF ELEVEN TO FOUR COMMITTEE ADOPTED RESOLUTION DECLINING REQUEST

(By United Press)

Washington, May 27—The senate foreign relations committee today flatly refused President Wilson's request for a mandate over Armenia.

By a vote of eleven to four the committee adopted a resolution "respectfully declining" to authorize the mandate. It was drawn by Brandegee, Connecticut republican. The resolution said:

"Resolved, that the congress hereby respectfully decline to grant to the executive the power to accept a mandate over Armenia as requested in the message of the president dated May 24, 1920."

HOUSE COMMITTEE REJECTS RESOLUTION FOR IRISH INDEPENDENCE

(By United Press)

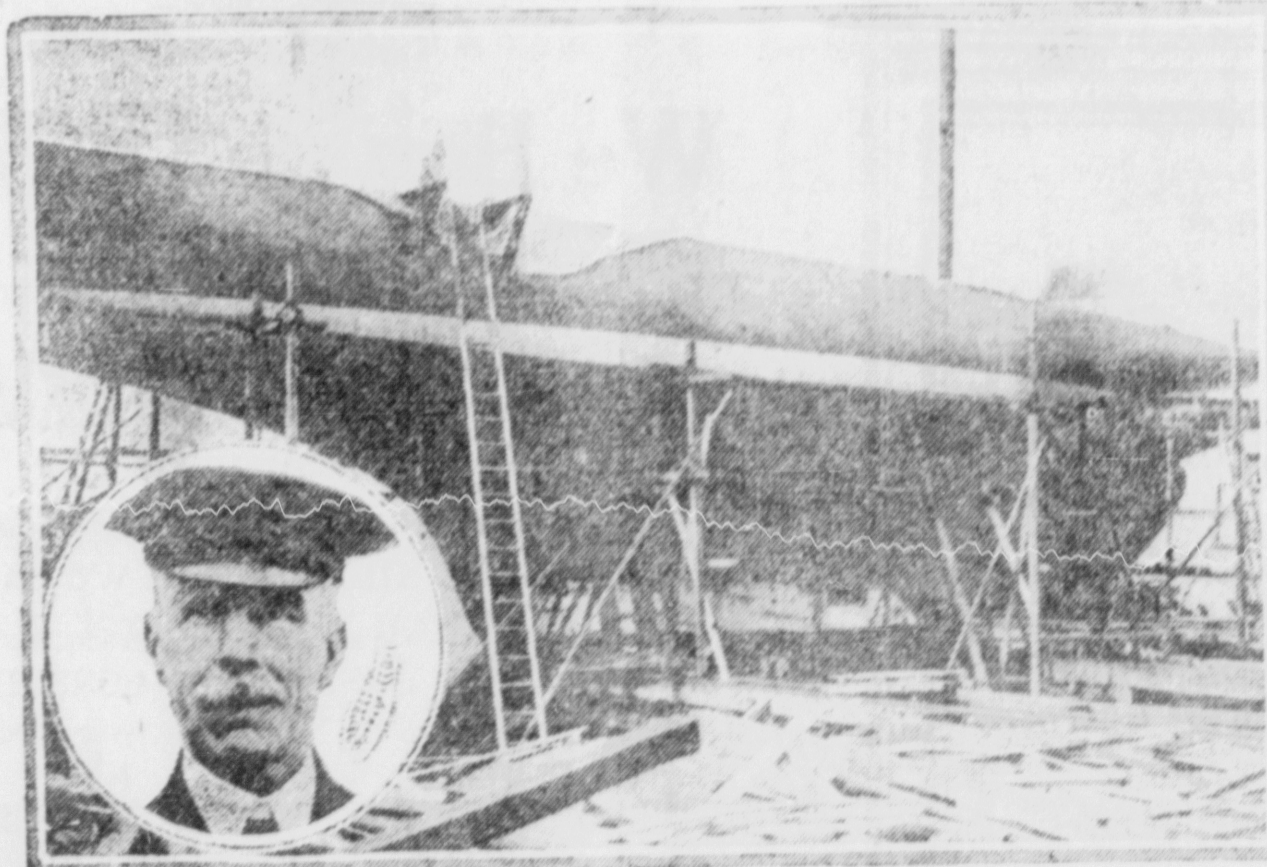

Washington, May 27—By a vote of ten to nine the house foreign relations committee today rejected a resolution by Rep. Begg, of Ohio, which would have expressed the belief of congress that "in the interest of the world peace Ireland should have a government of her own choice."

SUTHERLAND LEADS WOOD 5,000 IN WEST VIRGINIA

(By United Press)

Huntington, W. Va., May 27—Returns from 1,611 precincts out of a total of 1,860 in the state, gave Senator Howard Sutherland a lead over Major General Leonard Wood in Tuesday's primaries of 5,024. The totals were: Sutherland 29,116, Wood 24,092.

Shamrock IV., Lipton Challenger, Showing New Sharpened Stem Which Was Sent Over Complete From England, and Her Skipper

Captain William P. Burton

Radical changes have been made in the hull of the Shamrock IV. Sir Thomas Lipton's challenger for the American Cup. The above photograph was made while the alterations

were nearing completion at Jacob's Island, near New York. Charles Nicholson, the designer, has sharpened her stern considerably and believes he has improved the Shamrock's chances in light weather. The new bow was made in England, shipped to this

country in its completed state, and practically screwed on over the old blunt nose. In the insert is shown Captain William P. Burton, of Burnstable, England, who is to sail Sir Thomas's craft in the cup races. He has just arrived in New York.

Telephone Defect Remedied.

Part of the construction of the telephone consists of a pocket containing a small quantity of granules of carbon through which the vibrations pass, and the difficulty with this has always been that its full efficiency has not been secured by reason of the fact that these particles become packed in and are therefore non-active. This condition is attributed to the moisture of the atmosphere. To remedy this defect some French inventors have made a microphone in which each individual grain of carbon is in a coil by itself so that no two grains can touch each other, being in contact only with the walls of the coil and diaphragm of the instrument. Experiments have shown that the new microphone is remarkably sensitive and gives a purer tone than any constructed on the old principle.—Indianapolis News.

Coaches to Go in the Trossachs.

An epoch of more than local interest was closed recently, when the four-in-hand and other coaches formerly in use on the famous Trossachs route were brought under the auctioneer's hammer.

For more than 60 years the four-in-hand coach with its team of powerful horses and its post-boy in scarlet coat and white hat has been a familiar and picturesque feature of the season on the road between Callander and the Trossachs.

The picturesque four-in-hand coach is being displaced by the utilitarian motorcar, and a fleet of these is being put upon the road by the new company which has taken over the Trossachs hotel from the Blair family, in whose hands the famous hostelry has been for more than half a century.—Edinburgh Scotsman.

STUCK IN THEIR MEMORIES

American Slang Phrases That Became Popular Among the Filipinos and Frenchmen.

"All right" was generally the first English phrase the French picked up from American troops. "All right" answers probably a quarter of the questions that an American is called upon to reply to. In the great mass of jargon in a strange tongue, it stood out on account of constant repetition. The polius were wont to practice it, over their cognac and vin blanc glasses, in place of their own "tres bien," and yell it out to the Yankees on the side of the cafe.

As the French mastered "all right," so the Filipinos took up "gangway" during the American occupation of the Philippine Islands 20 years ago. Pursuing rough-house tactics that were not permitted during the last war in France, the American troopers would go down the streets of the island towns, pushing the natives into the gutter and yelling "gangway!" It became so that whenever a native heard "gangway" half a mile off, he immediately began to make way for the gang.

During the insurrection, at the height of one of the rebels' "offensives," the American troops were astonished to see a great swarm of Aguinaldo's soldiers come rushing over the top, waving bolos and spears and yelling "Gangway! Gangway!"

The Filipinos thought "gangway" was a vile American curse word. They later decided that Col. Fred Funston and his Twentieth Kansas doughboys didn't care even if they were sworn at.—Ralph Duffy in Home Sector.

Origin of the Word Canada.

The origin of the word Canada is obscure, but it is now generally accepted that it is derived from an Indian word, "Kannatha," meaning a village or collection of huts, and it is supposed that Jacques Cartier, hearing this word used by the Indians with reference to their settlements, mistook its meaning, and applied it to the whole country. Quebec is said to be derived from the Indian word "Kebee," meaning a strait, and was given to the site of the present city of Quebec from the peculiar configuration of the St. Lawrence river at that point, for the river there grows narrow and from its deep waters rises the bold height on which the ancient city stands.

BY MRS. HENRY HALE, ST. PAUL

Aim to Standardize Women's Clothing and to Buy Only Necessaries of Life

A number of women of the city assembled at the Chamber of Commerce rooms Wednesday afternoon and heard a talk by Mrs. Henry Hale of St. Paul, the idea being to lower living costs by standardizing women's clothing and to buy only necessities. Women have become accustomed to short skirts, and as a rule they are against a change of fashion shifting to long skirts.

The standardization of women's clothing sounds like a heavy term to use, but if a man understands that it means cutting out the fluctuations of style and that one style may thus hold good for several seasons, he commences to see there's some sense in the idea if he can only get his wife to take the same viewpoint.

The idea has been called the Wana-maker plan and the women are striving to back it up and gain the cooperation of retailers. Within a short time Miss Berglund, a paid secretary of the organization, is to follow with another talk in Brainerd.

A nominating committee was named, Mrs. W. A. Erickson, Mrs. F. A. Farrar, Mrs. Herbert and Mrs. W. C. Cobb, who are to select a chairman.

The department of justice is anxious to go after profiteers and evidence, if of proper nature submitted to the department by the women, will furnish the grounds for prosecutions to be carried on by U. S. District Attorney, Jacques of Duluth.

CONCERT SUNDAY EVENING

To be Given at Swedish Baptist Church by Miss Edith Lundin, Formerly of Brainerd

Miss Edith Lundin is coming to Brainerd accompanied by her mother, Mrs. Karl A. Lundin, to give a song concert Sunday evening, May 30th at the Swedish Baptist church.

The concert is a concert tour through the state of Minnesota. Like

concerts have been given in Chicago and many other important cities. This will be a special interest to the community of Brainerd as they have been here a few years ago. Rev. Lundin being pastor of the local church. They will take part with singing at the morning worship and Sunday school. A cordial invitation is extended to all to attend. No tickets are being sold but a free offering will be taken.

Betzold-Miller

The marriage of Miss Margaret Miller of St. Cloud and Edward Betzold of Brainerd took place yesterday morning in this city. Justice Donohue performed the ceremony. They will make their future home in St. Cloud, Mr. Betzold having accepted a position as carpenter.—St. Cloud Daily Times.

COUNTY BREAD BAKING CONTEST

The boys and girls' bread baking contest of Crow Wing county will be on Friday, May 28th beginning 10 a. m. at the Brainerd high school. There will be contestants both in the team demonstration and individuals.

The judge will be here from the state department. Each team and individual scoring highest in the county will go to the state fair this fall.

Church Supper

The Ladies Aid society of Bethlehem Lutheran church of South Seventh street will give one of their renowned suppers on Saturday evening, May 29, at the church basement. The menu includes mashed potatoes, meat balls in brown gravy, baked beans, cabbage salad, pickles, bread and butter, coffee and cake.

Prayer Meeting

The prayer meeting at the First Baptist church tonight (Thursday) at 8 o'clock.

Every member of church and congregation is urgently requested to be present. The service lasts one hour. Bring some one with you.

Prayer Meeting and Choir Practice

The Swedish Bethany church will have a prayer meeting in the parsonage basement tonight. After prayer meeting the choir will have a rehearsal.

LONG A FAMOUS PLAYHOUSE

Walnut Street Theater, in Philadelphia, to Be Torn Down, Dates From the Year 1809.

The oldest playhouse in America, which is to be replaced in part at least by a modern structure, is the Walnut street theater in Philadelphia, opened in 1809. It has never missed a season in these 111 years.

Edwin Forrest made his first regular appearance here at the age of fourteen, getting his first start through the influential backing of Col. John Swift, at one time mayor of Philadelphia. The play in which Forrest appeared was "Douglas," and in the cast were Wheatley, Mrs. Williams, Joe Jefferson's grandmother, and Warren and Wood, managers of the theater and of the stock company. Warren and Wood considered themselves very unfortunate in the cast of novices they had to deal with and were greatly surprised when Forrest acquitted himself so well that the public expressed a desire for the play's repetition.

The English tragedian, Edmund Kean, appeared at the Walnut in 1821. During the 16 nights of his engagement the receipts ran as high as \$1,370, only once falling below \$650. In those days this was considered a prodigious sum in theatrical circles.

Beaver Money.

John Jacob Astor introduced the beaver skin as a medium of exchange.

and it was not until beaver hats were replaced by the modern felt hat made from rabbit fur that beaver money went out of fashion.

For about 100 years the beaver skin and its fixed value by which the cost of any other article was determined. It is said that the process of making hats from rabbit pelts actually saved beaver from extinction in North America.

Most of the beaver was trapped by Indians, and ambitious white men exerted their wits in separating the red man from his treasures.

If an Indian thought he needed furs to keep warm, he was given a drink of something that made him feel that he wouldn't need an overcoat, after all.—Detroit News.

Make a Beginning.

Many people prosper on ideas that come from without. In a measure these are common property. The really great ventures that make outstanding men are those born within a man and therefore peculiarly his property. When appreciated and acted upon they give him the inside chance that others will covet when they see him beginning to climb. So instead of sitting around moping it's "up to you" to start something. Let your thinker sink deep down into your subconscious and mine the unexpressed possibilities that are rusting out for want of use. And rest assured unexpected possibilities will open up just as soon as you start something.—Exchange.

BRAINERD'S 4TH OF JULY

Brainerd has not had a Fourth of July celebration since the big one staged by the Booster club years before the war and that one was a corker with its daylight fireworks and baseball game and other attractions.

Of course, Brainerd, is a great town to "beat it out of town" on a holiday. But then, again, there are many people anxious to visit Brainerd on a holiday occasion too, and a town does not seem a live kind of a place unless it stages a Fourth of July celebration.

The Brainerd baseball directors are ready to put on the best kind of baseball for July 4 and 5. They are also willing to put up a bovery dance located in the business section.

To have the Brainerd Municipal band accept an out-of-town engagement, last year the little community of Backus raised the necessary money and got our band, seems to show a lack of public spirit in our own community.

Brainerd should celebrate the Fourth. Assured of the band playing and the baseball team playing, money can easily be raised for the sports and parade prizes.

We have many things to be thankful for and it is enough to make Uncle Sam sit up and take notice if Brainerd should neglect to celebrate his birthday, July 4th is one occasion when America's patriotism should be given full sway and the celebration made a community affair, impressive and extensive, showing in full measure that Brainerd is glad to be a part of these United States.

SUCCESS IN MARRIED LIFE

To Insure It, Says Court Official, Each Should Be a Partner, as in Business Enterprise.

A wide experience with husbands and wives has enabled Mrs. Julia L. McGuire of the Chicago court of domestic relations to formulate these principles which she gives in People's Magazine.

"It can all be summed up in about the same way textbooks on business tell one to sum up the proposition of going into business partnership:

"1. Know your partner. Study him—or her—under trying circumstances as well as when things are going well.

"2. Be sure that you and your partner agree in your purposes and ambitions. Compare notes with each other and find out whether you have the same tastes and hopes for the future. Find out your prospective partner's idea of what to do in prosperity or adversity.

"3. Settle upon your working program for the future. Decide how you will apportion your working funds; face frankly the possibilities for trouble, and arrange in advance to meet them. Determine in advance the direction in which you will expend your establishment when you have savings to disburse.

"4. Institute an adequate system of cost accounting to see to it that your funds go for the purposes you have agreed upon. Get into the habit of being frank with each other, of clearing up misunderstandings instead of letting them rankle.

"5. Go to it—and stick to it—along these lines.

"6. Unless one of you has hidden faults, you will not fail.

"That is what I have learned from my contact with forty-four thousand unhappy marriages, which I have been able to sum up, scrutinize and analyze. The soundest advice to both men and women that I could give is: 'Play fair and use common sense with husband or wife.'

Neglectful Husbands.

John D. Rockefeller, Jr., said in a discussion of the divorce evil:

"So many men are like Dr. Cutler. 'Doctor,' I said to him one day, 'how is it I never see you any more at the theater or restaurant with your former sweetheart, Miss Amanda?'

"Oh, Amanda's married now," said Dr. Cutler.

"Indeed," said I. "To whom?'

"To me," said Dr. Cutler."

RAIL PROBLEM IS NOT SOLVED

OPERATION THROUGH FEDERAL MANDATE IS PROBABLE FOR SOME TIME TO COME.

ROADS MUST HAVE BIG SUMS

New Equipment Needed Will Cost \$1,600,000,000—Increased Freight Rates Seem Certain—Some War Time Rules to Be Permanent.

By JAMES P. HORNADAY.

Washington.—The railroad problem seems far from solution. The roads have been turned back to their owners, but it now seems certain that to a considerable extent they will be operated through mandate of the federal government for some time to come. The interstate commerce commission under the new transportation law has broad powers and it is beginning to exercise them, not because it is particularly anxious to do it, but because both the railroads and the patrons of the transportation systems are asking it.

The railroad executives who are spending most of their time here in consultation with the interstate commerce commission say the properties were turned back to their owners under most unfavorable conditions. They point out that during the calendar year 1919, the roads under government operation accumulated a deficit of \$388,072,136. During two months of that year only, July and August, did the roads show a surplus. For those months receipts went ahead of expenses \$6,241,488. The net loss to the government during the entire period of federal operation of the railroads was \$905,000,000, to which must be added \$200,000,000, the estimated cost of the six months' guaranty ending September 1 this year, and the estimated payment to the short lines of \$25,000,000. Claims growing out of depreciation aggregating \$375,000,000 have been filed with the claims bureau which succeeded the railroad administration.

New Equipment Needed.

Recently railway executives testified before the interstate commerce committee of the senate that the roads, in order to be fully equipped, must have 226,000 new freight cars, 9,000 new passenger cars and 3,400 new locomotives. The estimated total cost of this new equipment is \$1,600,000,000. During the present calendar year the car and locomotive shops, it is asserted, can produce not over 100,000 freight cars, about 3,000 passenger cars and 2,000 locomotives. The total cost of this new equipment would be \$610,000,000, according to the testimony of the railroad executives before the committee.

It is agreed all around that sooner or later the federal government must pay in full the enormous bill due to federal operation of the roads. On and after September 1 of this year the roads must go it alone. In order to make both ends meet they have planned to charge the public more than it was ever charged before, more than it was charged during the war period, for service. At this time no increase in passenger rates is contemplated, but the roads have hinted in asking for increases in freight rates that will average not less than 20 per cent. These applications have already been placed on file with the interstate commerce commission and the roads have let it be known that within a short time they will file their new rate sheets. Unless the interstate commerce commission shall suspend these new rates they will become effective at once.

New Freight Rates Seem Certain.

It is generally understood that the commission will permit the new rates to become effective, and possibly do so without the formality of hearings. Practically everybody concerned appears to realize that, unless the transportation system of the country is to go into the discard, the roads must be permitted to make enough money to lift them, so to speak, out of the condition in which they now find themselves. Of course, in the end, the ultimate consumer has to pay the bill.

It seems reasonably certain that the interstate commerce commission, in the exercise of the new powers granted it by the recent railroad legislation, will make permanent some of the regulations that were in effect during the war. One of these regulations provided for the common use of rolling stock, and the railroad executives say that this common use is necessary if the roads are to serve the public in the most efficient way. The railroad act provides that whenever any carrier is for any reason unable to transport the traffic offered it so as to serve the public properly, the interstate commerce commission may order the traffic distributed to other lines in such a way as will promote the best service in the interest of the public. This is now being done by direction of the commission to a considerable extent.

There is also a provision in the new legislation which authorizes the commission to require the use of any terminal facilities, including main track or tracks for a reasonable distance outside a terminal, by competing roads. This common use of terminals worked well during the war and is again being put into effect. The advocates of government ownership of the railroads are coming to the front again, but congress certainly has no thought of making any changes in the transportation legislation it recently enacted.

England's 18-Year-Old Tennis "Whirlwind" As She Played While Defeating Champion

These two unusual photographs show Miss E. Colyer, England's eighteen-year-old tennis prodigy, in action in the matches in which she recently defeated Miss Evers, the English champion, on the hard courts. Miss Colyer carries England's hope of wresting the European championship from Miss Lenglen, the French tennis marvel. Miss Colyer's playing has been described as being of the "whirlwind variety." This description the camera verifies. Her wonderful agility enables her to cover an immense amount of ground.

The Good Heckler.

Bluhm Root said at a New York luncheon:

"I like to attend some radical meetings on account of the heckling that goes on at them. Hecklers are much cleverer than the speakers as a rule."

"A radical orator was being heckled the other evening by a broad shouldered lad in a brown cap. The orator got the worst of it, and he lost his temper. Finally he said in a voice of rage and hatred:

"Take off your cap, young man, if you want to question me!"

"Take off your cap! Take off your cap!" yelled the orator's supporters on the platform.

"But the broad-shouldered youth grinned and shouted:

"I didn't take off my cap when I went over the top!"

Celebrated Artist Is Heard on Pathe Records Exclusively

The sense of joy and luxurious pleasure of having the great artists of the period sing in your own home with the voices actually reproduced on the Pathe Phonograph records, is now universally realized, and the beauty is that a programme may be arranged to suit any taste.

In making up their selections, all music lovers never fail to include as one of the foremost stars, Mr. Percy Hemus, the renowned American baritone singer whose wonderful voice has charmed thousands and is now heard only on the Pathe records. As one writer aptly said, his grand voice covers the gamut of vocal expression and causes his audiences to feel proud that they are Americans, so patriotic are his songs, of which he is the master interpreter.

His art is admirable in all ways, and the wide range and color of his tones not only sing but talk their message of cheer and joy.

MEMORIAL DAY IN BRAINERD MONDAY

All Citizens and Organizations Asked to Join With Veterans and Schools of City

COUNTY SERVICE MEN WILL AID

Parade Early in the Morning Followed by Services at Cemetery. If Rainy at Park Theatre

Memorial Day will be observed in Brainerd in the customary impressive manner in which it has been observed for many years. All citizens and all organizations of the city are invited to join with the veterans and schools in making what its name implies. Memorial Day in fact as well as name.

On this Memorial Day Brainerd is not only paying tribute to the dead buried in Evergreen cemetery, but has also extended its loving devotion to the boys buried across seas.

Service men of Brainerd and vicinity will march in uniform. This was decided at the general meeting held at K. O. O. hall Tuesday evening. War veterans will join in the parade.

Parade Plans

The parade will start at 8:30 in the morning and forming on Sixth street with the head of the parade in front of the Y. M. C. A. and heading north.

The line of march will be north on Sixth to Kingwood, east on Kingwood to Broadway, north on Broadway to Fir and thence east to the cemetery.

The formation of the parade will be the G. A. R. in automobiles, Ladies Auxiliaries of veterans, the Brainerd Municipal band, ex-service men, war nurses, high school, grade schools and parochial school, and other organizations.

Program at Cemetery

This is the program at the cemetery:

Music by Brainerd Municipal band.

Invocation.

Song by Imperial quartet.

Lincoln's Gettysburg address by John Genette.

Music by school chorus.

Memorial address by Dr. E. Lee Howard.

Music by Brainerd Municipal band.

G. A. R. address by Albert Fox and Post adjutant J. A. Wilson.

Music.

Decorations of the cross in charge of G. A. R. officers.

Taps.

Salute by firing squad of service men.

Music by Brainerd Municipal Band.

Speaker of Day

Dr. E. Lee Howard, the speaker of the day, is president of Fargo college, Fargo, N. D., a very able speaker, particularly on an occasion of this kind. In accepting the invitation to speak at Brainerd, he wrote Rev. Fred Errington:

"It happens that I am free to accept your very gracious invitation for the 31st and it will be a pleasure to do so. I shall have the privilege of visiting Arlington and Mt. Vernon while in Washington at the educational conference. That ought to give me an inspiration to talk to a thousand school children."

Auto Regulations

By special permission of the officers of the Cemetery Association, the autos conveying the G. A. R. post and auxiliaries will be allowed to enter the cemetery and follow the same route as they did last year. No other conveyances are allowed to enter the cemetery and they will have to be parked on the outside.

In Case of Rain

In case of rain, which is not at all probable, the exercises will be held in the Park Theatre at 10:30 in the morning.

Parade Note

The school children may take the sidewalk at Fir street and spectators are requested to vacate the sidewalk leading to the cemetery from Fir street while the parade is passing.

BAND MAY HAVE FOUR SOLOISTS

Chamber of Commerce Names Special Committee With City Band to Gain Funds

PLAN PEQUOT TRADE TOUR

To be Made June 11—Farmers Community Picnic to be Held at Lum Park About June 25

Vice President Brusegaard presided at the regular meeting of the Chamber of Commerce last evening in the absence of President F. H. Simpson.

A special committee was appointed to cooperate with the city band to help them in securing funds for the seasons expenses. It is planned to put in four soloists, if the band can secure adequate funds for this purpose.

The Chamber is on record as strongly endorsing the plans of Secretary Stitzel, who is working in conjunction with County Agent Roth, for a trade tour to Pequot June 11; and for a farmers community picnic at Lum park about June 25. A land clearing special train is to be at Pequot on the 11th to make a demonstration, and farmers from all the county will be present. It is planned that Brainerd business men make an auto tour on this day to show their interest in the clearing and the improving of Crow Wing county land for agricultural purposes.

The program for the farmers' community picnic is to be an elaborate one. There will be dancing in the Lum Park pavilion all day. A program of sports and contests, an interesting talk by the President of the State University. The business houses will be asked to close a part of the afternoon. The above matters have been placed in the hands of proper committees for immediate action.

Rev. E. A. Cooke filed with the secretary a report which shows that the Hamline committee is doing. Prospects of bringing the college northward are even brighter than were anticipated. Some Minneapolis business men interested in the college, and some of the trustees, who were thought to be in opposition to moving the school, see the availability of bringing it northward; thus eliminating quite a little of the opposition to this move.

The matter of the city garbage was discussed. It being pointed out that no systematic method is being employed to handle garbage in Brainerd. This is a matter which vitally affects the city's health; and the sanitation committee of the chamber was instructed to take it up and see if a better plan of handling the garbage can not be inaugurated.

The reports of the committees, having the above matters in charge, will form an interesting part of the next meeting. Nothing was brought up concerning a permanent secretary because of the fact that the chairman of this committee, D. D. Schraeder is out of town. Upon his return it is hoped to wind this matter up with all possible dispatch.

The Board of Education of the Brainerd School District will receive "Bids" at the office of the Secretary Louis F. Hohman, 214 So. 6th St., Brainerd, Minn., up to the hour of seven p. m., Monday June 7th, 1920, to furnish this Board with 250 to 500 tons of Screened Youghiogheey Lump Coal to be delivered to the different school buildings. City scale weight.

Board reserves the right to reject any or all "Bids".

LOUIS F. HOHMAN, Sec'y.

GRAND MASTER JOHNSTONE HERE

101st Anniversary Marking Founding of Odd Fellowship in America is Celebrated by

ODD FELLOWS AND REBEKAHS

Program Given, Refreshments Served, Concluding With an Old-Fashioned Square Dance

Hon. D. MacKenzie Johnstone, of Paul, Grand Master of the Odd Fellows of Minnesota, was the guest of honor at a combined meeting of Odd Fellows and Rebekahs of Brainerd at Odd Fellow hall Wednesday evening to commemorate the 101st anniversary of the founding of Odd Fellowship in America.

A program was given which started with audience and all joining in singing America. Miss Fern Hitt gave a violin solo. Dr. Irving Badaux sang a solo. Miss Alice Johnson played a piano selection. A. J. Hayes, cashier of the First National bank, gave a short talk on fraternalism. A picture of Thomas Willey, founder and first grand master of the order, was shown on a screen and M. E. Morrison gave a history of Willey and his work.

O. J. Bouma, chairman of the evening, introduced the Grand Master, D. MacKenzie Johnstone. The grand master's subject was "The Spirit of Odd Fellowship."

Dr. A. K. Cohen followed with a solo and Miss Fern Hitt played a violin selection.

Refreshments were served by the Odd Fellows who wore white aprons and were as light on their feet as any waitress of the highest hotel.

An old-fashioned square dance concluded the festivities of the evening.

Ouster Proceedings

St. Paul, May 27—Ouster proceedings against L. G. Vogel, Brown county auditor, were aired today before Leland Scott, special commissioner, appointed by Governor Burnquist to take testimony in the case. A. C. Erickson, New Ulm, alleged that Vogel assaulted him at the Brown county court house, Lincoln's birthday.

Lemons.

Many persons may not know that the scent and flavor of lemon peel reside in minute cells, close to the surface of the fruit, and that by slicing it thin they will cut through these innumerable cells and thus obtain double the quantity of the essential oil that could be procured by anyone careless of this fact. The cells being cut through, it follows that a great part of the oil remains on the white of the lemon. This is easily abstracted by rubbing a lump of sugar over it.

GLASS OF SALTS

CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to clean and stimulate clogged kidneys; so it not only neutralizes the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

4TH OF JULY CELEBRATION

Brainerd Baseball Club Directors Willing to Put on Good Game and Bowery Dance

IF TOWN WILL CELEBRATE

Next Thing is to Get the Band to Stay in Town. Other Features Will Follow Easily

Brainerd baseball club directors, business manager and playing manager, met at the small Labor hall Wednesday evening, the meeting being presided over by President F. E. Little.

Future games are to be roped off to keep the crowd back from first and third bases.

A new ruling adopted was that in cases of emergency where the business manager needs a prompt decision he may have any five directors meet and give their opinion and the club will stand back of the decision.

On June 6 (Crosby) will play at Brainerd. Dates being under discussion and games not yet signed with teams are June 13, 20 and 27.

The Speedwells were allowed use of grounds and the terms approved of as made by Business Manager Strout. The baseball fence needs repairing at the east end and C. W. Koering is to be notified to have repairs made.

George W. Campbell got the peanut and popcorn concession at the park.

The directors favored a Fourth of July celebration in Brainerd and are willing to assist any citizens committee. Definite action should be taken by Brainerd citizens so that baseball dates can be arranged, the band contracted to stay home and a program of sports arranged.

"See Brainerd First" was the slogan adopted by the directors.

All work to be done in the cemetery must be done by Saturday. There will be no work allowed there on Sunday, as Monday is Decoration Day. 30115

All the Conveniences.

The folks had advertised our house for sale, but when a young couple came to look at the house I was the only one home. I opened the new refrigerator and boasted of it as if it were a part of the house. The couple looked at me in wonder and then burst out laughing. Can you blame them? It's a wonder I didn't tell them what fine tricks my dog could do.—Chicago Tribune.

OLD CLERKS TO BE PENSIONED

FEDERAL CIVIL SERVICE RETIREMENT ACT EFFECTIVE IN NINETY DAYS.

SOME PROVISIONS OF LAW

Fund To Be Created by Deductions From Salaries—Retirement Age Is 70 Years and Maximum Pension is \$720.

By JAMES P. HORNADAY.

Washington.—The government's first civil pension roll will be established in 90 days, when the civil service retirement act will become effective. The differences between the senate and house over the details of the legislation have finally been adjusted. Chief among these differences was the question as to whether the base retirement age should be 65 or 70. Seventy was finally agreed on. The taking effect of the legislation will mean the immediate retirement of about 7,000 men and women so old and feeble that in some cases it has been necessary to take them to their desks in wheel chairs. Nothing has exceeded the patience and generosity with which the aged and useless servants of the government have been treated, for notwithstanding it has been recognized in congress and in all the departments that the retention of so many inefficient ones was indefensible from the business point of view, it never has been seriously contemplated that they be dismissed until some provision could be made to take care of them.

Even the present legislation will not provide luxurious living for any annuitants, for \$720 a year is the maximum which can be paid to any person, and the clerk whose salary has averaged \$1,200 a year must have remained in the government service for not less than 30 years to be entitled to that pension. The clerk as a body wanted the expense of the civil pension roll borne by the government, and congress wanted the clerk to pay for their own pensions.

Contributed by the Clerks.

It was inevitable that the system could not be instituted without government assistance at the start, and it finally has been determined that beginning on the first day of the third month next following the passage of the act, and monthly thereafter there shall be deducted 2 1/2 per cent from the base pay of all persons in the classified civil service, the same to be set aside by the treasury department for a civil service retirement and disability fund, for the law contains also a total disability feature.

The act applies to all employees in the classified civil service who at the expiration of 90 days following the passage of the act shall have reached the age of 70 years and rendered at least 15 years of service, whether in the classified or unclassified list. Certain exceptions are made, however, as mechanics, city and rural carriers and post office clerks are made eligible for retirement at the age of sixty-five, and railway postal clerks, whose work is regarded as the most arduous performed by any government employee at sixty-two. Employees of the District of Columbia are included, except school officers and teachers and members of the police and fire departments, who are or will be taken care of under other legislation.

Divided Into Six Classes.

The employees are divided into six classes for pensionable purposes, stated as follows, the table covering length of service, percentage of salary constituting pension, and the maximum and minimum pensions allowed each class:

Service.	Per cent of salary.	Max. ann. num.	Min. ann. num.
20 years or more.....	60	\$720	\$360
15 to 20 years.....	54	648	324
10 to 15 years.....	48	576	288
5 to 10 years.....	42	504	252
1 to 5 years.....	36	432	216
15 to 18 years.....	30	360	180

An effort was made by the house to provide that whenever the employee's contribution, with interest, has reached such a sum as at the age of retirement to purchase a larger annuity than that provided for in the law such an annuity might be granted, but the senate objected.

For the purpose of computing the length of service of the employee the date of original employment is used, whether in the classified or unclassified service, and it is not necessary that the service should have been continuous in any one department or even that an employee should not have left the government service, provided he has been reinstated.

Leaves of absence are not deducted, unless they exceed six months, and the employee is accredited also with the time he may have spent beyond seas and in honorable service in the army, navy, marine corps or coast guard, except that in the case of an employee who is eligible for and elects to receive a pension under any law, or compensation under the war risk insurance act, the period of such service upon which pension or compensation is based is not included. On leaving the government service prematurely for pension purposes, the employee is to be paid the amount of his salary deductions with 4 per cent compound interest, but upon reinstatement the employee must return this money with interest to become eligible again for retirement or any benefits under the act.

Mexican Bandit Chieftain,
Who Has Not Made Peace
With the New Government

Francisco Villa

Francisco Villa, variously described as a revolutionist, patriot and bandit, declares he is still a factor in Mexican affairs, as ready and willing to take the field against the new revolutionary forces as he was against Carranza. He is opposed to General Alvaro Obregon, candidate for the presidency of Mexico. Villa has refused to make public the guarantee he demanded from the new government farther than that politicians must be kept from ruling Mexico. This photograph, made on May 10, is the first of Villa received in this country since General Pershing went into Mexico following the Columbus raid. Villa is fat and has not the litherness and suppleness of his heyday a few years back.

Claims "Yankee" Is Chinese. "Yankee" is a Chinese word, according to Teh Yi Hsieh (whose last name means "Thank You"), a Celestial who is visiting this country. He explains that the word probably came from English or Dutch sailors who had touched ports in the Orient. In East India they may have been greeted with the words "Yang ge," which mean "You are a young foreigner." These East Indian words came from the Chinese words, "Yang Jung," Teh Yi Hsieh says, and this explains why "Yankee" is a Chinese word.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and putrid-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh. Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health while the bowel pores do. Just as soap and hot water cleanses sweats and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.
